

Senator,

We are standing by to assist. You are doing great work. Truly appreciated. Let me know if you need anything in the interim.

Warm regards,
Katherine

Dear Katherine,

We made good headway convincing (hopefully) two counties with dominion machines in PA... BUT, I'm still waiting final ok from each, but I am hopeful that we can have the analysis done on Wednesday (that's what I'm pressing them for).

One county requested an official request - which I provided them.

We do not have subpoena powers until 05 JAN (due to byzantine rules), so these counties are voluntary.

The chair of the voting fraud committee promised to drop subpoenas next week on the less than cooperative counties.

More to follow hopefully tomorrow.

Sincerely,
Sen Doug Mastriano

Subject: PA Election Data

Dear Mr. Mayor - here's what we came up with; ref last night's question.

No surprise, but our PA Secretary of State is NOT responding to inquirers from the Senate.

Sincerely,
Sen Doug Mastriano
